

SPL3LCR-65 FIXED-WIDTH SOUNDBAR

1.5" SHALLOW DEPTH LCR SOUNDBAR — 65" DISPLAYS

(6) 3.5" (89mm) High Excursion Woofers
(3) 1" (25mm) Neodymium Soft Dome

Designed for 65" displays, the new James SPL3LCR-65 fixed width SoundBar is part of a wide variety of SoundBars designed to deliver excellent sound to any home entertainment system. The SPL3 series features an ultra-thin design at only 1.5" (38mm) total depth to seamlessly integrate with the new series of televisions and displays with less than 2" of screen depth.

Each SPL3 SoundBar features all new proprietary high performance, low distortion woofers and tweeters to provide a high output and wide dispersion of sound across a broad range of frequencies. Providing bass down to 80 Hz — the SPL3 SoundBars set a new standard in a bar only 1.5" deep!

The cabinet design features all aircraft grade aluminum for strength, sonic performance and durability and are finished in a rich black finish to provide an elegant visual.

Z-brackets are supplied for wall mounting. The optional James BRK.SPL3.UN universal bracket (sold in pairs) allows for easy mounting to most displays.

Size	4 h x 57 w x 1.5 d (in) 102 h x 1448 w x 38 d (mm)
